DEADLINE FOR FIFTY-SIXTH ISSUE-----December 1

## A LETTER FROM YOUR PRESIDENT

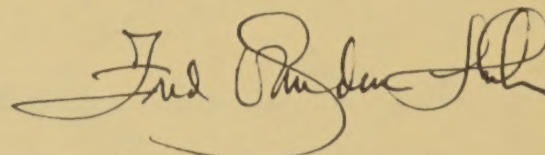

It is now mid-year 1995, and we have just completed a very successful "Ron Miller" medal program. The N.C.N.A. has presented a set of medals to Ron Miller's widow Diane, and to each of their children. The final medal mintages were as follows: Silver 65 and Antique Copper 95. With the completion of this special medal program, I would like to request that members give some thought to possible designs for our normal medal issue which will be struck for 1996. This next issue will be our 35th Anniversary issue and will resume the practice of issuing a medal every 5 years. All members are invited to submit design proposals and the deadline for all submissions will be December 31, 1995. Designs may be sent to Jan Henke C/O our Association's address. The winning design will be selected by the Board of Directors and the designer of this medal will be given a free silver medal with the 1996 design.

Recent Board meetings have been very fruitful and we continue to make good progress with the reorganization of the N.C.N.A. We are still missing some records relating to the organization and apparently, we are also missing some N.C.N.A. property! ANY INFORMATION REGARDING THESE ISSUES WILL BE VERY MUCH APPRECIATED FROM OUR MEMBERSHIP! Jan Henke, of Fairfield, has been appointed curator and is currently working on our Association's medal collection. We thank him for his hard work and willingness to serve the N.C.N.A.

Nominations for the "Ron Miller" Award for 1995 are now closed. We received 3 nominations for consideration for this year. The nominees were: Syd Kass, David Lange and Michael Turrini. The Board of Directors will discuss all nominations during our next regular Board meeting on October 30, 1995. A decision will be reached based on the rules governing the "Ron Miller" Award. Members are invited to attend this meeting and may speak on behalf of nominees or present pertinent facts relating to nominees.

The N.C.N.A. will host an open meeting in conjunction with the 6th Annual Fairfield Coin and Collectibles Show on Sunday, September 10, 1995. This Show will be held at the Suisun Senior Center, 318 Merganser (across from the Post Office), in Suisun City. We will issue a special wooden nickel which will be given to all attendees. In addition, we will have door prizes consisting of U.S. Mint Sets and a very nice selection of numismatic books. Members, Club representatives and guests/the general public are all cordially invited to attend.

In service of the N.C.N.A. and numismatically yours,

Fred G. van den Haak  
President

THE MINTMASTER'S QUILL: An Editor's Prerogative

My Friends,

On this September 4th, Labor Day by the calendar, Your Editor will celebrate, in his own private way, thirty years--three decades--since his first, early, youthful venture into the realm and uniqueness of numismatics. Although much of these past thirty years for Your Editor certainly and clearly has had nothing to do with numismatics--elementary, junior high, and high school, Solano College, San Francisco State, his alma mater, Childrens' Wonderland, NAVELEX on Mare Island, and now nineteen years at Will C. Wood in Vacaville--the truth is that numismatics has been and remains a significant and serious aspect of Your Editor's life, time, career, enjoyment, and now, achievement.

In a close coincidence of time and maybe a fitting tribute, on August 19, 1995, the American Numismatic Association (ANA), via its Board of Directors, bestowed upon Your Editor the ANA's third highest honor, the Glenn Smedley Award. Thus, on September 4th, Your Editor can justly claim a full thirty years in our hobby and rightly and humbly be content with one of its most esteemed honors.

To Your Editor, this dual coincidence has far more personal meaning and importance than just another anniversary and a national award soon forgotten; rather, it is a point in time, and life, from which Your Editor must now measure and chart the next thirty years. Thus, the ANA may have bestowed, but it has also charged--challenged--to continue. Note the last verb: 'continue'. The ANA's intention was not just to honor and to recognize but to motivate and to rejuvenate.

The coincidence of these two unrelated aspects demand here far better words and thoughts than these feeble efforts; however, the magnitude and the joy of both have clouded the proper words and thoughts, leaving only the heart to write. So.

To the American Numismatic Association, please accept this Editorial as my short, but sincere, gratitude and appreciation for your esteemed honor.

To our Association, please accept my pledge to remain always dedicated and devoted to our organization and to our hobby here in northern California, and

To our hobby, having been enriched these past thirty years, having comforted my heart, having educated my mind, and having excited my zest and zeal for all life and the whole universe, please accept that this September 4th is not only an anniversary measured from the past, the long distant past, but a date to measure and chart into the future, the far distant future, of sunrises yet to radiate.

Your Editor has completed only the first thirty years, and Your Editor shall now march into the next thirty years.

To You All: God Bless and Thanks Always.

Numismatically Yours,

  
Michael S. Turrini  
Editor

## Vallejo Numismatic Society

'1995 JOINT MEDAL ISSUE'

The Fairfield Coin Club and the Vallejo Numismatic Society are pleased to announce the issuance of their 1995 Joint Medal featuring the Anheuser-Busch 'A and Eagle' logo, Circa 1880's. This is the third medal in the annually issued series. The 1880's logo is the first in the series of the famous Anheuser-Busch trademark to have the Eagle's wings unfolded outside of the 'A'.

The first two medals in the series were Circa 1872- mintage of 169, and Circa 1877- mintage of 155. The Clubs do not order extra medals for future sales, the mintages being determined by the number of pre-paid orders received by the cut-off date.

The medals are to be struck in one ounce of .999 fine silver with an antique finish and will not be numbered. This past year has given us price increases in postage, insurance, mailers, silver, and manufacturing costs. However, we will offer the medals again this year at \$20.00 each. But we do find it necessary to add a \$2.00 postage/insurance fee to each order requiring mailing. The medal obverse will feature the Joint logo of our Clubs, the Liberty Bell and Eagle as shown in the sketch above, as do other medals in this series.

Orders for the 1995 medal will be accepted until October 15th. Any orders received after this date will be returned unfilled. Please make remittance payable to the 'Fairfield-Vallejo Xmas Account'.

Thank You for your continued support of our Medals Program.
